About AGRICA

AGRICA is an Egyptian export company specialized in sourcing and supplying high-quality medicinal and aromatic herbs, flowers, seeds, spices, and roots to international markets.

With strong roots in Egypt's agricultural sector and an international presence across Europe and North America, we connect trusted farms and certified processing facilities with global buyers. Our operations ensure consistent quality, full traceability, and reliable logistics tailored to international standards.

By combining Egypt's natural advantages with a global business approach, AGRICA delivers competitive pricing, dependable supply, and long-term partnership value.

Our MISSION

We cultivate, process, and export Egypt's finest medicinal and aromatic plants with uncompromising quality, full traceability and sustainable practices.

Our VISION

To make Egypt the world's most trusted source of medicinal and aromatic plants

where ancient heritage meets modern quality standards.

AGRICA

What **We Do**

Sourcing

Direct sourcing from trusted farms across Egypt, ensuring high-quality raw materials with full traceability from origin.

Processing

Preparation in certified facilities, offering multiple forms including whole, cut, TBC (tea bag cut), and powder.

Quality Control

Strict quality control at every stage to ensure consistency, purity, and compliance with export specifications.

Logistics

Efficient export and logistics management, including shipment coordination under FOB, CIF, and CFR terms.

Documentation

Complete export documentation, including COI, phytosanitary certificates, certificates of origin, and other required documents.

Customization

Tailored solutions including specifications, packaging, and product formats based on client requirements

Why AGRICA

Direct Sourcing

we work directly with trusted farms across Egypt, giving us full control over quality while keeping pricing competitive without unnecessary intermediaries

Consistent Quality

Products are handled under strict quality control systems to ensure reliable specifications and consistency across every shipment.

Flexible Supply Capability

From initial samples to full container loads, we support a wide range of order volumes and client needs.

Reliable Partnership

Clear communication, fast responses, and transparency ensure a smooth and professional experience at every stage.

Compliance & Traceability

Full documentation and traceability are provided with every shipment, including COI, phytosanitary certificates and compliance with international standards.

International Presence

With connections across Egypt, Europe, and North America, we operate with a global approach and stay accessible to our clients.
